# giving wings to YOUR dreams

HEMA FOUNDATION is a philanthropic arm of Ram Ratna Group which works towards imparting CULTURAL & MORAL EDUCATION to children at a very impressionable young age. The foundation looks to enlighten children about the key roles played by parents and society in shaping them into fine individuals. It aims to cultivate better and compassionate understanding of their responsibilities towards Self, Family, Society, the Nation at large, and help them become better

The importance of Value Education has been long recognized but the methods to impart have not been definitive. Seeing is Believing. There is no impact quite like a visual impact. With this understanding, the foundation has produced 50 short films like Sahas, Sevabhav, Paropkar, Swachhata, Sankruti on . Human Values with strong meaningful messages. An interactive session between the teacher and the children on the relevant subject, followed by playing of the short film, short videos, activities and project based learning and ending with resolutions, have proved to be a high impact method to drive the point across into the hearts and minds of children.

We aim to cultivate a conscious understanding of human values in individuals in order to help them coexist peacefully and harmoniously.

### Mission

Our mission is to awaken the spirit of value based living in all individuals at school, organizational and community levels through well researched and structured programs resulting in a responsible, effective and harmonious existence for all.
